***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

A message was left for Dr. McCarty on 7-17-07 regarding the amendment to the title.

Delete the old title and insert the following:

-- Substituted Thiophene Compounds --

***Allowable Subject Matter***

Applicant's amendment of 4-2-07 has overcome the previous rejection for 112/1<sup>st</sup> regarding the scope of "solvates" by pointing out the preparation of a solvate in Example 3. With no other outstanding rejection, pending claims 1-3, 6-11, 21, 26-28, and 30-33 are allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of substituted phenyl-(aminocarbonylamino)-thiophenecarboxamide; preparation and pharmaceutical composition thereof as well as a method of treating

an inflammatory disease using said compounds. The closest reference, **Morley et. al.** (US 2006/0111431 A1), discloses a generic formula of substituted thiourea-thiophenecarboxamide. However, the reference's effective filing date does not precede the foreign priority date of this application. Thus, it is not a competent prior art.

The reference of **Griffiths et. al.** (US 7,098,240 B2 – one common inventor) does not have claims with overlapping subject matter since its variable A always represents a bicyclic ring, and not a phenyl ring. Thus, there is no issue of double patenting.

The reference of **Griffiths et. al.** (US 7,125,896 B2 – one common inventor) does not have claims with overlapping subject matter since its variable A always represents a pyridiyl ring, and not a phenyl ring. Thus, there is no issue of double patenting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
